ABOUT CCPS

Clayton County Public Schools (CCPS) is fully accredited through Cognia. The district offers a focused world-class program based on a challenging curriculum that is taught from pre-kindergarten through 12th grade. CCPS serves over 50,000 students and is the 6th largest school system in the state of Georgia. Clayton County Public Schools is located just 17 miles south of Downtown Atlanta, and the district is ranked among the 100 largest school districts in the U.S. Made up of nearly 70 schools and a variety of programs, the school system has over 7,400 employees.

Established with a district-wide theme of Building a Better Tomorrow, Today, CCPS is providing boundless opportunities for its students to be prepared to live and succeed in a global economy through an innovative, technology-based, STEM & STEAM approach to education. CCPS offers a variety of learning options such as traditional schools, fine arts magnet schools and/or programs, Career, Technical, and Agricultural Education (CTAE) Pathways, the International Baccalaureate Program, the Cambridge International Program, online/virtual courses, and Gifted Education Programs. As Clayton County houses the world's busiest airport - Hartsfield-Jackson International Atlanta Airport, the school district also provides state-of-the-art facilities for community and district growth and enrichment including the Clayton County Public Schools Performing Arts Center and the S. Truett Cathy Professional Learning Center.

The system has 38 primary/elementary schools, 15 middle schools, 12 high schools, two district-approved charters, one alternative education center, one psychological education center, and one multi-purpose education center. Included in this number are five school-wide magnet schools, 12 magnet programs, one state-certified STEM program, one Cognia (AdvancED) certified STEM program, two International Baccalaureate Candidate schools, and three Cambridge Assessment International schools. The school district is highly diversified with 90 different ethnicities and countries represented. Seventy-two (72) different languages are spoken, with Spanish and Vietnamese as the two major languages spoken.

- The district is proud that:
- Two of its high schools have been recognized as being among the top 50 Best High Schools in the United States as published by the US News and World Report.
- Two of its schools have been named by the U.S. Department of Education as National Blue-Ribbon Schools in the Exemplary High Performing Schools Category.
- CCPS is committed to ensuring that its high school graduates are able to live and compete successfully in a global society. This commitment is observable in a myriad of ways:
- Since the state of Georgia began calculating and monitoring graduation rate in compliance with U.S. Department of Education rules focusing on a four-year cohort, CCPS has experienced a nine-year growth in the percent of students graduating (2011-2020) reflecting a 25.1 percentage point increase in the district-wide rate.
- CCPS is advancing learning for all students by expanding access to accelerated mathematics, Advanced Placement, and Dual Enrollment to increase students' ability to take on a more rigorous course of study during high school in order to enhance their preparation for college.

CLAYTON COUNTY PUBLIC SCHOOLS ADOPTED BUDGET

FISCAL YEAR 2023-2024

- Ninety-five percent of the district's Career, Technical and Agricultural Education (CTAE) pathway completers graduate from high school; therefore, CCPS is cultivating the ultimate classroom to career experiences by aligning work-based learning and career pathways to industry demands to increase graduates' ability to secure high-skill, high-wage, and high-demand careers.
- CCPS has a thriving K-12 Fine Arts program and a state-of-the-art Performing Arts Center (PAC) that provides a stage for the community and schools and provides a venue for the performance of our Fine Arts Magnet programs and M.E. Stilwell School of the Arts. The PAC boasts a 6,000 square-foot auditorium stage with a seating capacity of 1,800. The auditorium features an electrically operated orchestra pit. There are two performance rooms. Each is supported with professionally enhanced sound and lighting.
- The district's School Choice program affords parents the opportunity to apply to schools that reflect the unique needs, interests, and talents of their children. Some of the programs include: Dual Immersion [Spanish, French, Chinese], Early College and Magnets programs, Cambridge Assessment International Education, etc.
- Learning extends into the summer with the district's highly acclaimed K-12 Summer STEM Camps, which include opportunities for summer internships, coding and robotics, programming and flying Drones, journalism camp, designing Smart Cities, and engaging in farm to table experiences, etc.

Stakeholders in Clayton County Public Schools have embarked on a deep exploration of what high-performing education systems around the world do - with high intention - in order to ensure noteworthy student outcomes. Through this critical analysis, the district anticipates that it will be redesigning systems in an effort to (1) increase students' readiness for early learning, (2) continue to attract the best and the brightest to lead and teach in our schools, and (3) ensure high-quality teaching and learning that continue to produce CCPS graduates who can think critically, communicate, collaborate, and create in meaningful ways. CCPS looks forward to prosperous future projects that will continue to set the district apart from others. In the near future, the district will construct its first future-ready college and career academy that will create a work-ready pipeline to help drive economic growth locally and beyond. The district continues to refine and expand all strategies focused toward graduating students on time, college, and career-ready.

Through the re-establishment of the Clayton County Public Schools Foundation, Inc., CCPS is steadily increasing its partnerships with businesses, collegiate and community organizations, government agencies, officials, and faith-based entities. While Foundation funds support numerous engagement initiatives and activities, its primary focus is awarding a substantial number of scholarships to graduating CCPS seniors. The district also actively engages the community through volunteer and mentoring opportunities and community partnerships.

FISCAL YEAR 2023-2024

EXECUTIVE SUMMARY

Provided for review is the Fiscal Year 2024 proposed budget. The Clayton County Board of Education adopted the FY 2024 Budget on June 26, 2023 and the District held public hearings on June 12, 2023 and June 14, 2023 to allow citizens the opportunity to address the Board regarding the budget.

The total budget recommended by Superintendent Anthony Smith is comprised of four funds as displayed below:

Funds Comprising the Total Budget

	<u>FY 2023</u>	<u>FY 2024</u>	<u>Inc/(Dec)</u>	<u>% Inc/(Dec)</u>
General Fund	\$ 555,146,497	\$ 641,724,250	\$ 86,577,752	13.5 %
Special Revenue Fund	189,388,434	174,200,296	(15,188,138)	-8.7 %
Capital Projects Fund	124,721,932	344,010,000	219,288,068	63.7 %
Enterprise Fund	65,692,776	65,940,579	247,803	0.38 %
Total Budget	<u>\$ 934,949,639</u>	<u>\$ 1,225,875,125</u>	<u>\$ 290,925,485</u>	<u>23.7 %</u>

Revenue Assumptions

- General Fund-Revenue projections include an increase in property tax revenues, due to an increase in assessed property values and new homes in Clayton County.
- General Fund- Georgia Department of Education increase of QBE due to the Governor's budget.
- General Fund-District is receiving additional funding for Safety and Security enhancements
- Special Revenue-COVID related emergency funds will end in FY 2024
- Capital Projects-District will procure revenue bonds in the amount of \$250 million

Expenditure Assumptions

- The employer-paid portion of employee benefits will increase for all certified staff by \$7,090 per year per staff member for FY 2024 and all classified staff \$3,000 per staff member.
- Certified staff salary increased by \$2,000 per Governor's budget.
- Bus drivers, nurses, nutrition worker salary increased by 5.1% and custodians will receive a \$1,000 one-time supplement per Governor's budget
- District staff will receive a 3% cola
- Fuel, utility and supply cost will increase

CLAYTON COUNTY PUBLIC SCHOOLS ADOPTED BUDGET

FISCAL YEAR 2023-2024

Guided by the above assumptions, the FY 2024 funds will be used to ensure the district is in compliance with federal mandates, fund increases in insurance and address safety and security concerns of the district. It is anticipated that the fund balance will fall within the guidelines set by the Board policy and State ensuring that funds would be available for any unforeseen expenditures or emergencies. The Superintendent's proposed budget continues to address the critical needs of our students and improving academic achievement.

FISCAL YEAR 2023-2024

General Fund

The General Fund is the school system's primary operating fund. The General Fund is used to account for all financial transactions of the school system except those required to be accounted for in another fund. Ad Valorem taxes and State QBE funding represent the major revenue sources for the General Fund.

- Revenues \$634,902,870*
- Expenditures \$633,692,870*
- Grant Activities (revenue and expenditures): \$6,821,380

Special Revenues Funds (Including Grants and School Activity)

These funds are used to account for the proceeds of specific revenue that are legally restricted to specified purposes. The major revenue source for grant-related funds is the Federal Government - for special programs such as Title I, Title II-A, Title VI-B, etc. The School Activity Funds are used to account for funds generated and expended at the school level by and for various school activities including curricular, co-curricular and extra-curricular activities.

- Revenues \$174,200,296
- Expenditures \$174,200,296

Enterprise Fund – School Nutrition

This fund is used to account for the United States Department of Agriculture (USDA) approved School Nutrition Program. The intent of the school system is that the costs of the School Nutrition Service Fund be financed or recovered primarily through Federal resources and users' charges. The School Nutrition Program Fund at Clayton County School District is a self-supported program.

- Revenues \$80,450,934
- Expenditures \$80,450,934

Capital Projects Program Fund

These funds manage resources which are used exclusively for acquiring school sites, constructing and equipping new school facilities, renovating existing facilities and purchasing specific types of long-term assets. The major revenue sources are proceeds from Education Special Purpose Local Option Sales Tax for education (E-SPLOST), a one-cent sales tax to help fund capital improvements, including debt repayment for capital projects.

- Revenues \$344,010,000
- Expenditures \$344,010,000

FISCAL YEAR 2023-2024

GENERAL TAX INFORMATION

The ad valorem tax, more commonly called the property tax, is the primary source of revenue for local governments in Georgia. Ad valorem means "according to value."

The **Clayton County Board of Tax Assessors**, which is appointed by the Clayton County Board of Commissioners, evaluates and assesses all property for tax purposes. Assessments are based on 40% of the (appraised) market value by law as of January 1st each year.

The **millage rate** is the determining factor in the calculation of taxes (a mill is \$1 for each \$1,000 assessment).

The **State Revenue Department** sets the millage rate for state taxes. The **Board of Commissioners** sets the millage rate for county taxes. The **Clayton County Board of Education** sets the millage rate for county school taxes and school bonds, if applicable.

The **millage rate** is established by the various authorities by dividing revenue needed by the 40% net assessment.

The **Clayton County Tax Commissioner** is responsible for the billing and collection of all ad valorem taxes, including those for real property, personal property, motor vehicles, mobile homes, and timber. The tax commissioner's office receives all homestead exemption applications as well.

Tax Exempt Property

All public property, non-profit hospitals, non-profit homes for the elderly, places of religious worship and burial, and all personal property used within the home (if not held for sale or other commercial use) are exempt from taxation. All tools and implements of trade belonging to manual laborers and all domestic animals not exceeding \$300 in actual value are exempt from the property tax. Tax exempt status must be applied for before tax liability on the property will be removed.

CLAYTON COUNTY PUBLIC SCHOOLS ADOPTED BUDGET

FISCAL YEAR 2023-2024

Clayton County School Exemptions

To qualify for a regular homestead exemption and to be able to apply for other exemptions, the homeowner must own and occupy the property on January 1st of the year in question and must claim Georgia as his/her legal residence. For all exemptions, the amount exempted is deducted from the 40% assessed value of the property in the applicable tax categories.

Regular Homestead - This exemption is for all property owners who occupy property as of January 1st. There is no age limit. This exemption is \$10,000 off of the school tax.

Double Homestead - This exemption applies to homeowners who are 65 years of age on January 1st of the filing year and whose taxable income does not exceed \$10,000. This exemption is \$14,000 off the school tax.

School Exemption - This exemption applies to homeowners who are 62 years of age on January 1st of the filing year, and the net income for the applicant and spouse for the preceding year must be less than \$10,000. This exemption is \$10,000 off the school tax.

School Exemption By Age - This exemption applies to homeowners who are 65 years of age on January 1st of the filing year. The exemption applies to the house and five (5) acres only. This exemption is \$10,000 off the school tax.

School Exemption By Disability - This exemption applies to homeowners who are 100% disabled. There is no age requirement. The homeowner must show proof of disability by providing letters from two Georgia doctors stating the disability. The total gross income from all sources in the home for the preceding year cannot exceed \$30,000. This exemption applies to the house and five (5) acres only. This exemption is \$10,000 off the school tax.

CLAYTON COUNTY PUBLIC SCHOOLS ADOPTED BUDGET

FISCAL YEAR 2023-2024

Revenue from the State of Georgia is earned primarily on a per student or full-time equivalency (FTE) basis based on services provided. There are 19 direct instructional programs defined by the State of Georgia for which local school districts earn FTE revenue. Each program is assigned a "weight," and the weight is an indication of the relative cost of each program compared to the base student cost which is assigned a weight of 1.000 in grades 9 - 12.

The 19 programs as defined by the State of Georgia are indicated below, along with their estimated weights and values

<u>Program</u>	<u>FY 2023 Weight</u>	<u>FY 2023 Value</u>
Kindergarten	1.6724	\$ 4,665.43

FISCAL YEAR 2023-2024

In addition to QBE formula earnings that are driven by the FTE amounts, other revenue is earned for categorical grants as follows:

- ▶ **Transportation** - Revenue is earned for students who live outside a 1.5-mile radius of their school. The amount funded for FY 2024 by the GaDOE is \$2,702,535. The budget for FY22 was \$2,702,535

- ▶ **Local Five Mill** - In support of the QBE Act, each local board of education is required to provide local funds equivalent to a minimum of five mills. The Local Five Mill amount is calculated by the GaDOE and identified on the allotment sheet provided to each school system following the Georgia General Assembly's approval of the upcoming fiscal year's budget. The Local Five Mill is subtracted from the total QBE revenue entitlements. The FY 2024 local Five Mill amount for Clayton County is \$47,406,701.

- ▶ **Education Equalization Funding Grant** - Equalization grants are additional state funds earned by school districts whose determined property wealth per student (WPS) is below the 75th percentile of all districts in the state. The WPS of the district which is at the 75th percentile is the amount to which all lower ranking districts are equalized, up to 3.25 equivalent mills. The equalization grant amount for CCPS in FY 2024 is \$56,925,975.

2021-2026 Strategic Improvement Plan

Building a Better Tomorrow, Today

Introduction

The COVID 19 virus has forced our school system to adjust to non-traditional methods of operations since March 2020. Decisions based on data from local, state and national resources have been and will continue to be made in the best interest of over 52,000 students and their families, as well as over 7,300 employees. Although we have been sorely tested by this pandemic, our children, our employees and our communities have responded and have achieved. We can be proud of our accomplishments because they have been earned under never before experienced stress.

Building upon the successes realized through the 2018-2021 Strategic Improvement Plan, the 2021-2026 Strategic Improvement Plan aims to prepare our students for the future by continuing to focus on improving their academic achievement.

Six Goals of the 2021-2026 Strategic Improvement Plan

From January 2021 to June 2021, the Strategic Improvement Plan committee met with various stakeholder groups to discuss the direction of the district. At the conclusion of the stakeholder meetings, members of the Board of Education met in groups of 3 or 4 to work together to develop the Vision, Mission, Strategic Goals and Belief Statements for the District. The Board of Education also reviewed the compiled work of the various teams via a Google Document and were able to give their input prior to the June 2021 work session. After the work of the Board, the Cross Functional Team reviewed the statements and administered a stakeholder input survey.

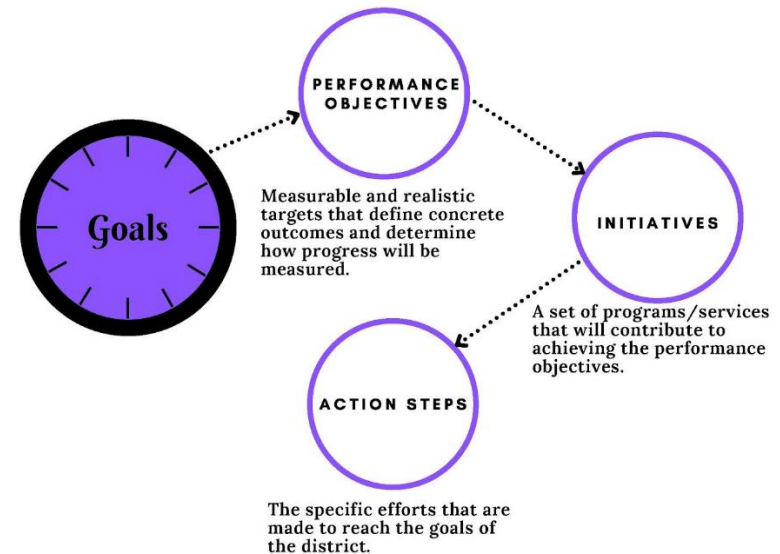

Over 87% of the stakeholders who completed the survey agreed with the proposed statements.

Elevation of Literacy Provided

Clayton County Public Schools are organized with distinct feeder patterns. There are 38 elementary schools, 15 middle schools, 12 high schools, two district-approved charters, one alternative education center, one psychological education center, and one multi-purpose education center. Clayton County Public Schools will be able to read proficiently and critically in order to use knowledge to solve problems; communicate effectively when writing and speaking; demonstrate noble character as an engaged, well-rounded citizen; exude self-awareness, self-management, and self-confidence; leverage technology effectively and creatively; lead, collaborate, and contribute to a team and community; manifest passions into realities; and exhibit cultural awareness and responsiveness and international competitiveness in order to adapt and keep pace with an ever-evolving world.

Charter Schools—Clayton County Public Schools has two district-approved charter schools currently operating with the Local Educational Agency (LEA). Charter schools are governed by their own independent, non-profit board with oversight from the authorizer, Board of Education and the State Department of Education. 7 Pillars Career Academy and Utopian Academy for the Arts have no admission criteria and are allowed flexibility in their programming in exchange for specific performance goals. Applications are required of each charter school for operation within the school District that must be approved by the Board of Education.

Elementary Education—Grades K-5 Instructors apply a wide assortment of teaching mechanisms, strategies, and methods to establish critical-thinking skills while challenging each student to do his or her personal best. The curriculum covers Language Arts, including reading, writing, speaking, listening, and thinking skills. In addition to courses in English and other spoken word languages, English to Speakers of Other Languages (ESOL) is offered. Mathematics instruction is designed to meet individual needs in concept analysis and deliver real world applications. Students are engaged in social studies, science, health and physical education, and the arts, including music.

Middle School Education—Grades 6-8 Clayton County Public Schools offers heightened instruction in language arts, science, mathematics, social studies, health and foreign language. Courses are designed to meet the needs of students progressing from childhood into adolescence.

K-8 Schools—Grades K-8 Includes both Elementary Education and Middle School Education listed above.

High School Education—Grades 9-12 The Clayton County Public Schools provides a broad-based curriculum which supports further study in college or career technical training. Students' progress is enhanced through co-curricular and extracurricular activities, including band, student government, various clubs, interscholastic athletics, subject area fairs, and vocational youth organizations.

Alternative Education Services—Clayton County Public Schools System operates several non-traditional programs and locations. The programs provide a learning environment for Clayton County Public Schools students experiencing difficulty in the regular school program. These programs are designed to help students reach a level of academic achievement and social adjustment that will allow them to return to the regular school program. We serve students ranging from pre-kindergarten through high school.

Virtual Learning Program—Clayton County Public Schools System work together with students, families, and teachers to work together and create a supportive, nurturing environment where everyone can thrive.

About Clayton County

Clayton County is a suburban community just minutes south of downtown Atlanta. We have a relaxed and neighborly feel like a small town, but with all the amenities of a major metropolitan area. An attractive lifestyle, business opportunities, a fine public educational system plus a university, and numerous excellent health care facilities make Clayton County a highly attractive place to live, work and play. The cities are College Park, Forest Park, Jonesboro, Lake City, Lovejoy, Morrow, & Riverdale.

History

Clayton County was formed out of Fayette (to the west) and Henry (to the east) in 1858 and was named after Judge Augustin S. Clayton, who served in the Georgia General Assembly. According to 2004 Census estimates, it is the fifth most populous county in the state as well as the fifth most populous in the 10-county Atlanta region. At 143 square miles, Clayton is the third smallest county in the state (out of 159) and the second smallest in the 10-county region, larger only than Rockdale. How did Clayton County get to this point? Well, it all began on November 30, 1858 when the county was formed from parts of Fayette and Henry Counties. The 125th county created in Georgia was named in honor of Augustine Smith Clayton (1783-1839), a judge and member of the U.S. House of Representatives. Long before the county was officially formed, Creek Indians made the area their home. Remnants of their farming culture can still be found today along the Flint River. In 1823, Leaksville (later named Jonesboro) was founded and became an important stop on railroad running from Macon to Terminus (later named Atlanta), that connected the southeast to the port city of Savannah.

Budgeting Process

General Guidelines

Current revenues will be sufficient to support current expenditures. On-going operating expenditures will be funded with on-going revenue sources. The budget process and format shall be school/department based and focused on goals and objectives. The School System will maintain a budgeting control system to ensure continual compliance with the adopted budget. The budget will provide adequate funds for maintenance of capital plant and equipment and funding for their orderly replacement.

CLAYTON COUNTY PUBLIC SCHOOLS ADOPTED BUDGET

FISCAL YEAR 2023-2024

Planning

The planning activities include identifying and prioritizing educational needs and forecasting available resources to meet those needs. This segment requires intensive year-round involvement of central office, instructional, and operational staff.

Preparation

The budget preparation process extends for a period of approximately 10 months beginning in September of the year prior to adoption. All governmental and proprietary (internal service) fund types are budgeted by the district on an annual basis. The budget for the upcoming fiscal year (July 1 through June 30) must be submitted to the Board of Education prior to June 30th for legal adoption. No public funds may be expended until the Board has approved the budget unless a spending resolution.

Analysis and Review

The budget requests from the central departments are developed with the support and analysis provided by the Budget Services Department. The requests are reviewed for completeness, accuracy, and for compliance with established budget assumptions. The school budgets are consolidated with the program budgets into one file for reporting purposes. The various reports are submitted as a preliminary budget to the Board for multiple reviews before presentation at the Board meeting.

Adoption and Approval

After review by the Superintendent and the Executive Management Team, the Budgeting Services Department prepares a proposed budget for submission to the Board of Education.

Implementation

The Clayton County Public School System fiscal year is July 1 through June 30. The accounting system is encumbrance driven and does not allow overspending of non-salary and fringe benefits budget lines. The Budget Department works closely with the Position Control to maintain and monitor positions and position budgets. Daily to monthly reviews and modifications of individual budgets ensure that the school district is on target with projected spending. The proposed budget is published on the CCPS public website. Using newspaper advertisements, the public is notified of the proposed budget and the date, time, and location of the public budget hearings. Work sessions with the Board are scheduled as needed, and the Board then tentatively adopts the budget. Once the budget is tentatively adopted, it is advertised in the local press. The advertisement depicts projected revenues and expenditures by fund type, along with the date, time and location when the budget is to be legally adopted. The adopted book is also posted on the district's website. In most instances, the Board will legally adopt the budget at the next regularly scheduled Board meeting following the tentative adoption. The 2004 Governmental Accounting Standards Board (GASB) *Codification of Governmental Accounting and Financial Reporting Standards (2004 Codification)* Section 1700 calls for the adoption of an annual budget by every government. Georgia Law (OCGA 20-2-167) also requires each LUA (Local Unit of Administration) adopt an annual budget for all funds except capital projects, trust, and custodial funds.

Review and Assessment

The budget is an important management tool for all stakeholders including taxpayers, the School Board, the administration, principals, teachers, and students. Monitoring of staffing and expenditures enables different level managers to keep track of how well their programs are being implemented and the rate at which funds are being expended. The success of the budgeting process depends on many individuals throughout the school system fulfilling their duties and responsibilities in a timely and appropriate manner.

Preparation of Capital Projects Budget

The creation of the Capital Projects Budget is comprised of the following three (3) phases: planning, preparation, and adoption and approval. Guided by the Division of Operations, which outlines long-term facilities planning and construction projects, budgets are established based on District needs. Adjustments are made to address our rapidly changing needs with shifting demographics, rising energy prices, and increased construction costs. This also includes ESPLOST projects.

General Fund Narrative

The General Fund is used to account for all financial resources of the school district except those required to be accounted for in another fund. The General Fund is Clayton County Public Schools' primary operating fund and is used to finance the ordinary operations of the district. Major revenue sources include funding from the State of Georgia under the Quality Basic Education Act (QBE) and ad valorem or local property taxes. With a major emphasis towards direct instruction, expenditures are allocated to several different functions to pay for salaries and benefits, contracted services, supplies/instructional materials, utilities, computers, and equipment. For FY 2024, the proposed budget has 65.9% of funds earmarked for the costs associated with direct classroom instruction.

INSTRUCTION

Positions by Function

Instruction includes activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations, such as those involving co-curricular activities. It may also be provided through some other approved medium such as television, radio, telephone, distance learning, and correspondence. Included here as well are the aides or classroom assistants of any type who may assist in the instructional process.

Enterprise Fund - School Nutrition

The Nutrition Service Program in Clayton County Public Schools (CCPS) serves nutritious breakfasts, lunches, and snacks to students, faculty, staff, and the community. Not just serving healthy meals, School Nutrition teaches healthy, lifelong eating habits. Menus reflect the most current United States Department of Agriculture (USDA) dietary guidelines, and offer a variety of fruits and vegetables, whole grains, lean meats and low-fat milk.

Pursuant to the USDA and the Georgia Department of Education (GaDOE) regulations and standards, students are offered four food components for breakfast: low-fat milk, fruit, a meat/meat alternate, and whole grain bread or cereal. Students are offered five food components for lunch: a meat/meat alternate, whole grain bread, a vegetable, fruit and low-fat milk. Occasionally, a low-fat dessert is offered as part of the lunch meal. Students are required to choose at least three (3) of the four (4) food components offered at breakfast, and at least three (3) of the five (5) food components offered at lunch. A fruit or vegetable food item must be one of the selected components. Students are encouraged to select all of the food components to provide a well-balanced diet and promote healthy eating habits. In accordance with the CCPS Wellness Policy, at the elementary, middle and high schools, the Nutrition Program does not offer ala carte food sales that would compete with the daily school meals. Extra supplemental sales are kept to a minimum and must meet the nutritional guidelines set by the local Wellness Policy and the new Smart Snacks in Schools Standards.

Students, parents, and stakeholders play a major role in selecting the food items served on the district-wide menu. They participate in food shows, taste tests, and menu planning advisory councils to ensure the acceptability of the menu. After being centrally planned and analyzed for nutritional content, the menu and nutrient analysis are posted on the CCPS Nutrition website and the new Nutrition app. The app can be downloaded to any smart phone or device via the school district or nutrition website. Both are designed to support daily meal planning for all students, including students with special dietary needs. A student with special dietary needs must have a physician's statement on file documenting his/her dietary plan and will receive appropriate meals at no additional cost. Also, a student with food allergies must have a physician's statement on file in order to receive program-approved substitute meals at no additional charge.

In FY 2023 - 2024, CCPS will continue to participate in the USDA's Community Eligibility Provision Program, also known as CEP. Information about CEP can be found in Section 104 (a) of the Healthy, Hunger-Free Kids Act Law of 2010. CEP amends the National School Lunch Act to provide an alternative way to qualify directly certified households eligible for free and reduced price meals. Participation in CEP allows all CCPS students to receive breakfast and lunch meals at no cost for up to four consecutive years. It also eliminates the need to process free and reduced priced meal applications. CCPS was initially approved to participate in CEP beginning July 1, 2013. CEP was re-certified July 2015 through June 30, 2019.

Research shows that students who are well-nourished perform better both academically and athletically, have fewer behavior problems, and have better attendance. School nutrition personnel collaborate with principals and teachers to make the cafeteria an extension of the classroom. Cafeterias also function as learning laboratories, offering classroom instruction with the primary focus on nutrition education and physical activity. Several years ago, the School Nutrition Department partnered with the Alliance for a Healthier Generation (AHG) to further enhance its efforts to bring an award-winning Wellness Program to the school district. Schools have the opportunity to win bronze, silver, and gold star recognition when the AHG wellness criterion is fully implemented.

Grant Assistance:

Over the past few years, the School Nutrition Program has applied for and did receive food service equipment grant funding to help offset the cost of purchasing school food service equipment. Schools receiving these funds were Jonesboro High School and West Clayton Elementary. As food service equipment grant funding becomes available, applications will be submitted for other schools to help enhance the meal service experiences of all students.

For the past eight years, School Nutrition has been the recipient of the Fresh Fruit and Vegetable Grant (FFVG). The grant provides another opportunity for students to be exposed to fruits and vegetables that they would not normally have an opportunity to eat in a regular school setting. Fruits such as guava, jicama, kumquats, blood oranges, carambola, and ugly fruits have been offered to students. Vegetable samples have included radishes, tri-colored peppers, sweet potatoes, bok choy, and sugar snap peas. At present, seven elementary schools participate in the program: Haynie, Huie, Kemp Primary, King, Riverdale, Smith, and Unidos.

GLOSSARY

This glossary contains definitions of selected terms used in this document and additional terms and interpretative data as necessary for common understandings concerning financial accounting procedures of Clayton County Public Schools. Several terms which are not primarily financial accounting terms have been included because of their significance in the budgeting process. The glossary is arranged alphabetically with appropriate cross referencing where necessary.

Accounting System

The recording and reporting of activities and events affecting the money of an administrative unit and its programs. Specifically, it describes: (1) what accounting records are to be maintained, how they will be maintained, and the procedures, methods, and forms to be used; (2) data recording, classifying, and summarizing activities or events; (3) analyzing and interpreting recorded data; and (4) preparing and initiating reports and statements which reflect conditions as of a given date, the results of operations for a specific period, and the evaluation of status and results of operation in terms of established objectives.

Accrual Basis

The basis of accounting under which revenues are recorded when levies are made and expenditures are recorded as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made.

Administration

Those activities which have as their purpose the general regulation, direction, and control of the affairs of the local education agency.

Ad Valorem Taxes

Taxes levied on the assessed valuation (less exemptions) of real and personal property, including automobiles. See also TAX DIGEST and ASSESSED VALUATION.

Appropriation

An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. NOTE: An appropriation is usually limited in amount and as to the time in which it may be expended.

Assessed Valuation

A valuation set upon real estate or other property by a government as a basis for levying taxes. Forty percent (40%) of full assessed value is used as the basis in Georgia.

FISCAL YEAR 2023-2024

Balance Sheet

A summarized statement, as of a given date, of the financial position of a local education agency per fund and/or all funds combined showing assets, liabilities, reserves and fund balance.

Board of Education, District

The elected or appointed body which has been created according to state law and vested with responsibilities for educational activities in a given geographical area. These bodies are sometimes called school boards, governing boards, boards of directors, school committees, school trustees, etc. This definition relates to the general term and covers state boards, intermediate administrative unit boards, and local basic administrative unit boards.

Budget

A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them. The budget usually consists of three parts. The first part contains a message from the budget-making authority together with a summary of the proposed expenditures and the means of financing them. The second part is composed of drafts of the appropriation, revenue, and borrowing measures necessary to put the budget into effect. The third part consists of schedules supporting the summary. These schedules show in detail the proposed expenditures and means of financing them together with information as to past years' actual revenues and expenditures and other data used in making the estimates.

Budget Amendments

An administrative procedure used to revise a budgeted amount after the Annual Budget has been TENTATIVE by the Board of Education and approved by the State Board of Education.

Budget Calendar

The schedule of key dates used in the preparation and adoption of the Annual Budget.

Budget Message

The opening section of the budget which provides the Board and public with a general summary of the most important aspects of the proposed budget and recommendations of the Superintendent.

Capital Budget

A plan of proposed capital outlays and the means of financing them for the current fiscal period. It is usually a part of the current budget. If a Capital Program is in operation, it will be the first year thereof. A Capital Program is sometimes referred to as a Capital Budget. See also CAPITAL PROGRAM.

CLAYTON COUNTY PUBLIC SCHOOLS ADOPTED BUDGET

FISCAL YEAR 2023-2024

Capital Outlays

Expenditures which result in the acquisition of or addition to fixed assets.

Capital Program

A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the local education agency is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

Cash Basis

A basis of accounting in which transactions are recorded when cash is either received or expended.

Certified Tax Digest

That annual property tax digest certified by the tax receiver or tax commissioner of a county to the State Department of Revenue and approved by the State Revenue Commissioner.

Cost Per Pupil

Financial data (either budget or expenditures) for a given period of time divided by pupil unit of measure (enrollment, FTE).

Encumbrance Accounting

A system or procedure which involves giving recognition in the accounting budgetary expenditures control records for the issuance of purchase orders, statements, or other commitments chargeable to an appropriation in advance of any liability or payment.

Encumbrances

Purchase orders, contracts, and/or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid, as in accounts payable, or when actual liability is established or when canceled.

Fiscal Period

Any period at the end of which a local education agency determines its financial position and the results of its operations. The period may be a month, a quarter, or a year, depending upon the scope of operations and requirements for managerial control and reporting.

Fixed Assets

Land, buildings, machinery, furniture and other equipment which the school district intends to hold or continue in use over a long period of time. "Fixed" denotes probability or intent to continue possession and does not indicate immobility of an asset.

Fringe Benefits

Total employer's share of FICA, taxes, hospitalization, dental, disability, workers' compensation, unemployment, and retirement contributions made on behalf of employees.

FTE (Full-Time Equivalency-State Funding)

Local school systems in Georgia must report enrollment three times during the school year for funding purposes. This reporting reflects the school day being divided into six parts (periods). The student is counted six times, according to which programs he or she participates in during the day. Students may not be counted for the portion of the day that they are in the following programs or under the following conditions:

1. Study Hall
2. Non-credit courses
3. Enrichment courses as defined by QBE or the State Board (generally one which does not devote a major portion of time to the competencies TENTATIVE by the
4. Courses which require competitive participation in an extracurricular activity
5. Serving as a student assistant unless this activity is an approved career or vocational education work program
6. Individual study courses which have no outline of course objectives available
7. Other courses designated by the State Board
8. The student is not enrolled in a program or not attending regularly
9. A resident student paying tuition or fees in excess of the local cost per student
10. A non-resident student paying tuition or fees in excess of the local cost per student
11. A student who has not attended within 10 days of the count

Each student is counted for each one-sixth of the school day for the eligible program in which he or she is enrolled. The resulting total, when divided by six, is known as the full-time equivalent (FTE) program count. An average of the counts reported at three different times during the year are used in the funding formula. (See QBE definitions)

Function (Classifications)

An accounting term relating to both the budget and the financial report. A "function" is a grouping of activities being performed for which salaries and other types of direct costs are expended and accounted. Functions and sub-functions consist of activities which have somewhat the same general operational objectives. Furthermore, categories of activities should be combinable, comparable, relatable and mutually exclusive. Both the budget and the financial reports group activities within "functions."

Fund

A fiscal and accounting entity which is comprised of a self-balancing set of accounts which reflect all assets, liabilities, equity, revenue, and expenditures or expenses necessary to disclose financial position and the results of operations. Funds are established as individual entities in order to segregate financial records for purposes of legal compliance, different natures of the activities performed, measurement of different objectives and to facilitate management control.

Fund Balance

The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves, and appropriations for the period.

Fund, Capital Projects

Used to account for all resources used for acquiring capital sites, buildings, and equipment as specified by the related bond issue or referendum. Capital project funds are designated to account for acquisition or construction of capital outlay assets which are not acquired directly by the general fund, special revenue funds, or enterprise funds. Capital project funds have been developed to account for the proceeds of a specific bond issue and revenue from other possible sources which is designated for capital outlay (i.e., land, buildings and equipment).

Fund, Enterprise

Used to finance and account for the acquisition, operations and maintenance of school district facilities and services which are entirely or predominantly self-supportive by user charges. Budgetary accounts and formal budgetary accounting are recommended for Enterprise Funds. The accounting consists primarily of proper recording of receipts and disbursements.

Fund, General

The fund used to finance the ordinary operations of the local education agency. It is available for a legally authorized purpose and consists of money not specifically designated for some other particular purpose.

Fund, Special Revenue

A fund used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditures for specific purposes.

Fund, Trust and Agency – Fiduciary

Used to account for money and property held in trust by a school system for individuals, government entities, or non-public organizations. A Trust Fund is usually in existence over a longer period of time than an Agency Fund. Primarily, Agency Funds function as a clearing mechanism for cash resources collected by the district held for a short period, and then disbursed to authorized recipients.

Inter-Fund Transfers

Amounts transferred from one fund to another fund.

Lapse

The difference between budgeted revenue and expenses, and actual revenue and expenses.

Levy

(Verb) To impose taxes or special assessments. (Noun)

The total of taxes or special assessments imposed by a governmental unit.

Local Five Mill (Local Fair Share)

Each local board of education is required to provide and use local funds in support of the QBE Act. A minimum of the equivalent of 5 mills must be provided. The Local Five Mill is computed by the Georgia Department of Education and identified on the allotment sheet provided to each school system following actions of the Georgia General Assembly. The Local Five Mill equates to five effective mills on the equalized, adjusted tax digest as certified by the Georgia Department of Audits and Accounts and adjusted for exemptions. The Local Five Mill is subtracted from the total QBE revenue entitlements.

Medicare Tax

Under the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), all employees of a state employer or a political subdivision employer, who were initially employed or reemployed after March 31, 1986, are subject to the Medicare Tax requirements. The percent of covered salary for the employee's and employer's contribution is 1.45% each of total salary. In addition, effective July 1, 1991, Medicare Tax is appropriate for those employees subject to Social Security. See also: Social Security.

Mill

The rate of taxation based on dollars per thousand of taxable assessed value. A mill is one-tenth of a cent (\$.001).

Millage Rate

The ad valorem tax rate expressed in terms of the levy per thousand dollars of taxable assessed value established by the governing authority each fiscal year.

Per Pupil (Expenditure)

An accepted and commonly used norm to compare expenditures between school districts, state spending, and national spending.

Program Weights

Since different programs vary in their cost to operate, each of the nineteen (19) QBE programs is assigned a different weight program. The weights reflect the cost of teachers and other instructional personnel; instructional materials; facility maintenance and operation (M & O) costs; media center personnel and materials costs; school and central office administration costs and staff development. See also QBE.

Public Law 81-874 (Impact Aid)

Public Law 874, originally passed in 1950 and later amended, provides financial aid to local school districts for maintenance and operation of schools affected by federal activities. These funds are made available on the basis of the number of children whose parents live or work on federal installations. Funds received from this source are in lieu of taxes. The funds received under Public Law 81-874 are the only federal funds that are not restricted to a particular program or expense item.

OBE (Quality Basic Education) - Allotments

Funds are allotted by the state on the basis of "Weighted FTE" (Full Time Equivalent students) to the local school system. The following are 19 Programs of allotment under QBE:

- | | |
|---|------------------------------------|
| 1. Kindergarten | 11. Special Education Category I |
| 2. Kindergarten Early Intervention | 12. Special Education Category II |
| 3. Primary Grades (1-3) | 13. Special Education Category III |
| 4. Primary Grades (1-3) Early Intervention | 14. Special Education Category IV |
| 5. Elementary Grades (4-5) | 15. Special Education Category V |
| 6. Elementary Grades (4-5) Early Intervention | 16. Gifted |
| 7. Middle Grades (6-8) | 17. Remedial Education |
| 8. Middle School Programs | 18. Alternative Education |
| 9. High School General Education (9-12) | 19. ESOL Programs |
| 10. Vocational Labs (9-12) | |

OBE Mid-Year Adjustment

Because the QBE formula is based on FTE counts, which are taken primarily in the previous school year, there will be a need to adjust the total allotment as more recent counts become available. If the more recent counts result in an increase in funds needed, the State Board will request the additional funds from the General Assembly.

Reserve

An account used to indicate that a portion of fund balance is restricted for a specific purpose.

Revised Budget

An increase or decrease to the initial budget (original amount as TENTATIVE by the governing body).

Social Security

Effective July 1, 1991, Clayton County Public Schools employees who are not covered by The Employees Retirement System (ERS) or The Teachers Retirement System (TRS) must pay contributions to Social Security. Those affected are substitute employees and part time employees (those who work less than 30 hours per week). The employee and the School System pay 7.65% each for Social Security: 6.2% for FICA and 1.45% for Medicare on total earnings.

Source of Funds

This dimension identifies the expenditure with the source of revenue (i.e., local, state, federal and others).

Tax Digest

The established formula for the county to determine the net Maintenance and Operations (M & O) property digest for the school district on a calendar year basis, which includes total real, personal, motor vehicles, mobile homes, and public utility property, less homestead, various personal, freeport and agricultural exemptions. The Tax Digest is certified in July of each year, and the Local Board of Education sets the official millage rate.
